Staff Navigation Scope & Permissions Matrix

As instructional faculty, your dashboard is tailored specifically for classroom delivery, student progress tracking, and evaluations. Sensitive administrative functions (GST tax settings, tuition revenue, user role changes) are restricted to administrators.

Classroom Dashboard / Classroom operations hub - Active enrolled students - Ongoing batches & courses - Pending grading assignments - Quick roll-call triggers	Student Rosters /students Cohort communication & info - Filter by assigned course - Learner contact email & phone - Check batch enrollment dates - View individual attendance rate
Attendance Tracker /attendance Daily roll-call registry - Batch & date roll-call roster - Mark Present, Absent, Late, Excused - Keyboard navigation shortcuts - Real-time automated saving	Assessments Studio /assessments Grading & evaluations - Create assignments, quizzes & tests - Link Google Forms & Sheets scores - Grading studio & feedback remarks - Publish scores to learner records
Course Materials /materials Learning asset repository - Upload lecture slides & PDFs - Share code examples & lab guides - Categorize by course topic - Download reference curriculum files	Academic Reports /reports Classroom performance analytics - Batch pass / fail percentages - Student test score distributions - Attendance compliance analytics - Export class grades to CSV

01 Staff Onboarding & Account Registration

Route: /signup?code=STAFF-XXXX

Instructors receive a secure, one-time invitation link or passcode from the Academy Administrator. Registering with an active code automatically validates your account as verified Staff.

The registration portal for ThoorigAI Infotech is titled "Request Staff Access". It features a four-step process for account creation:

- Full Legal Name:** A text input field with a placeholder "e.g. John Doe".
- Work Email:** A text input field with a placeholder "name@thoorigai.local".
- Create Password:** A text input field with a placeholder "*****" and a toggle for visibility. Below it is a "Confirm Password" field with a placeholder "*****" and a toggle for visibility.
- Enter OTP Code:** A text input field with a placeholder "Please enter invite code or OTP?".

A blue "Request Staff Access" button is located below the OTP field. At the bottom, there is a link: "Already have an account? [Sign in](#)".

Figure 1.1: Registration portal highlighting required instructor fields and invitation passcode entry.

Step	Field / Button	Instructions	Validation Rule
1	Full Name Input	Enter your legal name as it should appear on student evaluation reports.	Minimum 2 characters; displayed on classroom notices.
2	Email Address Input	Enter your institutional or work email address.	Must match recipient restriction if configured by admin.
3	Create Password	Create a strong personal password.	Minimum 8 characters with numbers and special symbols.
4	Enter Invite Code	Enter the STAFF-XXXX code provided by your administrator (pre-filled if using invite link).	Single-use code burned upon registration; elevates account instantly to Staff.

02 Instructor Classroom Dashboard

Route: /

Your operational dashboard shows current batch progress, scheduled sessions, total students enrolled across your courses, and pending test grading tasks.

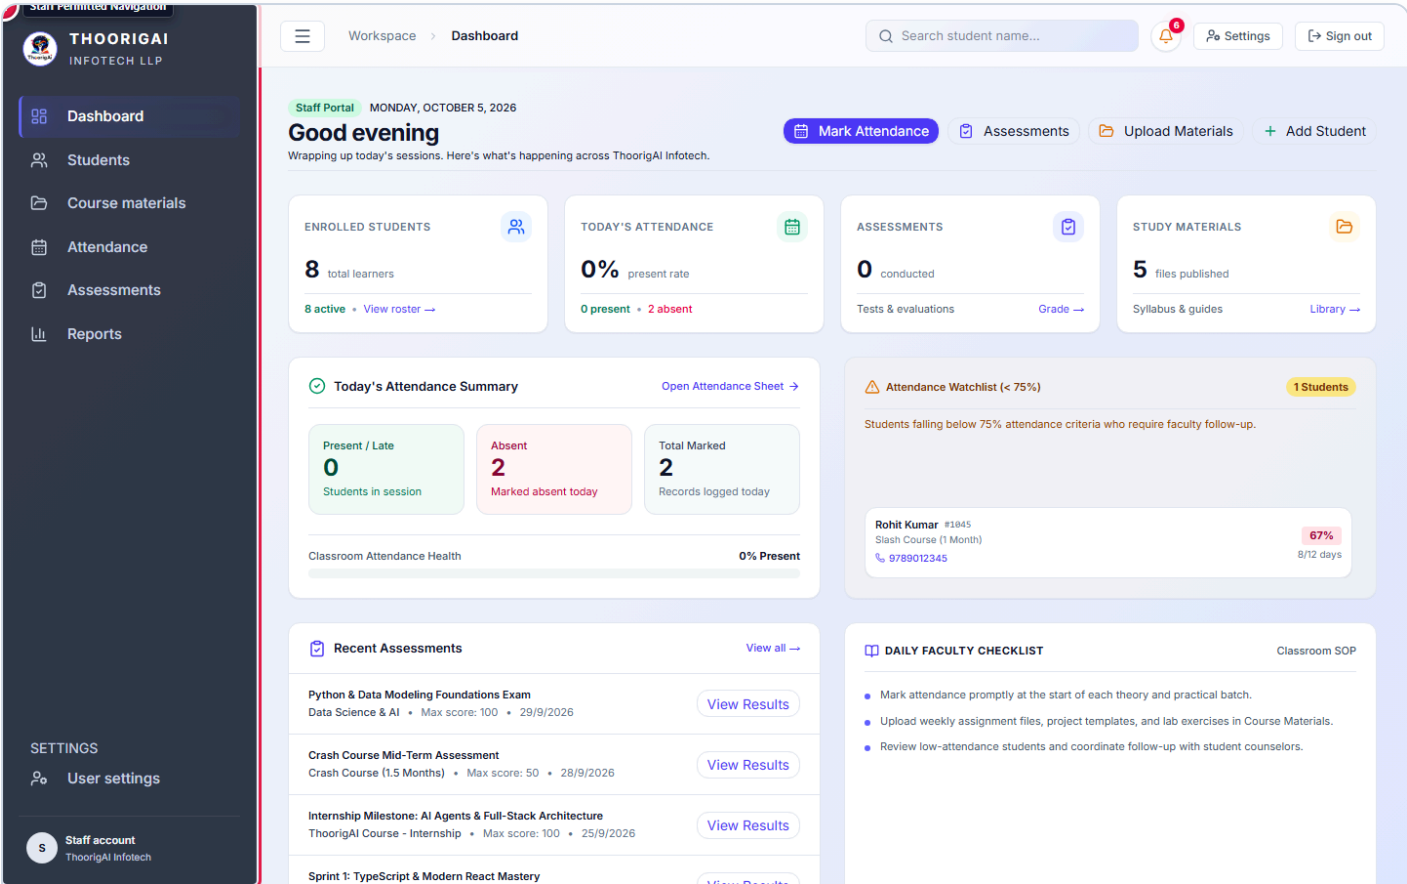

Figure 2.1: Staff dashboard focused on classroom operations, active cohorts, and grading tasks.

Step	Widget / Element	Information Provided	Recommended Action
1	Classroom Operations Summary	Active Students enrolled in your courses, Ongoing Batches, and Pending Submissions awaiting evaluation.	Click cards to jump directly to attendance or grading tables.
2	Staff Navigation Sidebar	Streamlined sidebar displaying instructional tools: Students, Attendance, Assessments, Materials, Reports.	Use to transition between modules during lecture sessions.

03 Student Directory & Batch Communication

Route: /students

Access learner rosters for your assigned courses to coordinate batch communications, view student contact numbers, and monitor individual attendance rates.

04 Daily Attendance Roll-Call Workflow

Route: /attendance

Mark daily attendance with instant automated saving. Efficient one-click tools and keyboard navigation allow rapid roll-call during lecture commencement.

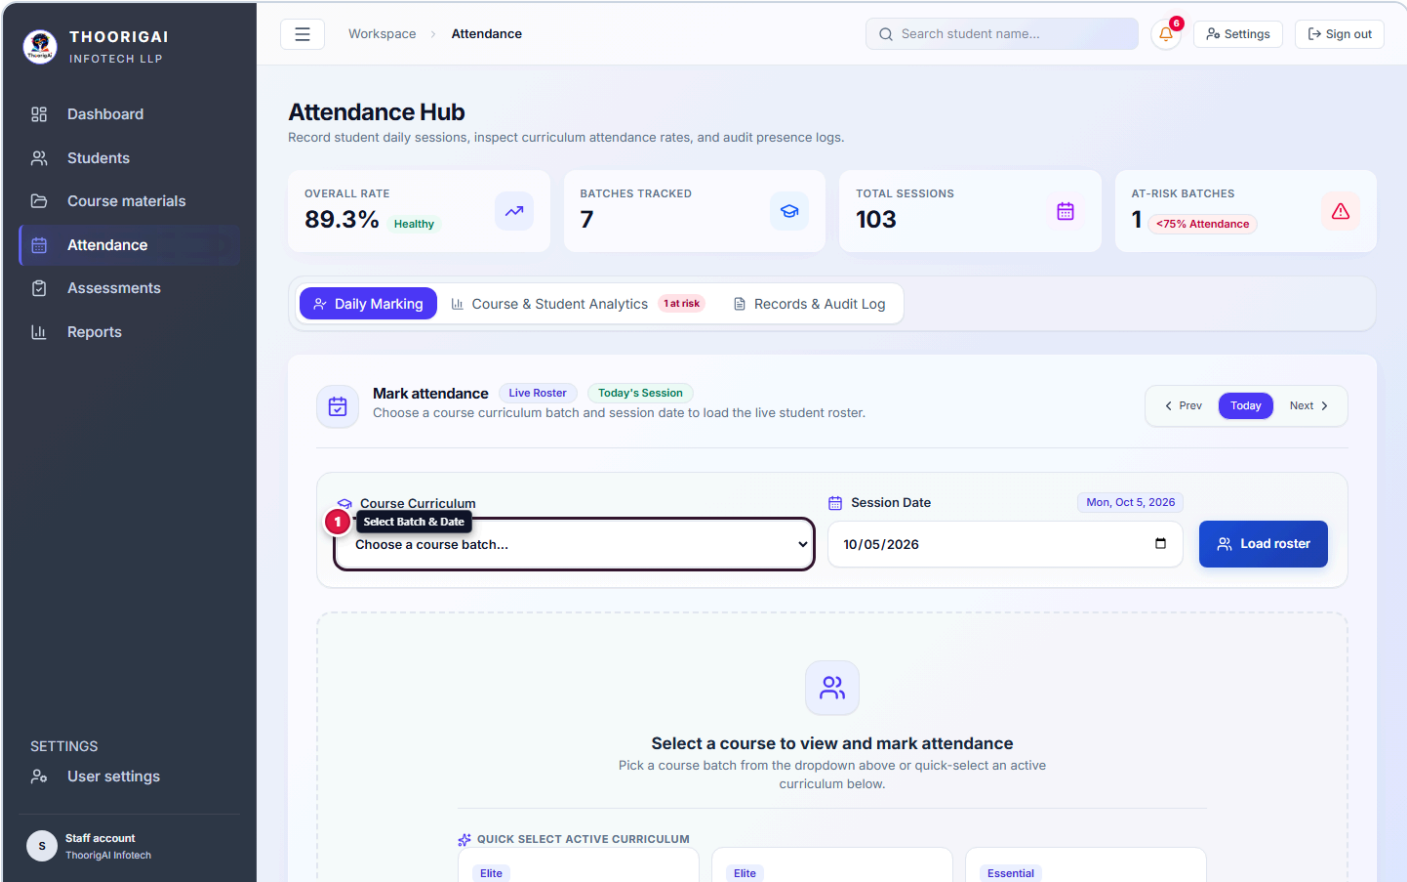

Figure 4.1: Daily roll-call interface with one-click bulk marking and status toggles.

Step	Control	Action	System Result
1	Select Batch & Date	Select the course batch from dropdown and confirm the session date.	Loads the official class roster for that specific date.
2	One-Click Mark All Present	Click the green "Mark All Present" button at the top of the roster.	Sets every student's status to "Present" in a single action.
3	Student Roll-Call Grid	Toggle individual exceptions: click [Absent] or [Late] for students not on time.	Changes trigger debounced autosave; green badge indicates data is persisted.

05 Assessments, Google Forms & Grading Studio

Route: /assessments

Create test milestones, sync external Google Forms and Google Sheets scores, evaluate student code submissions, and write qualitative performance feedback.

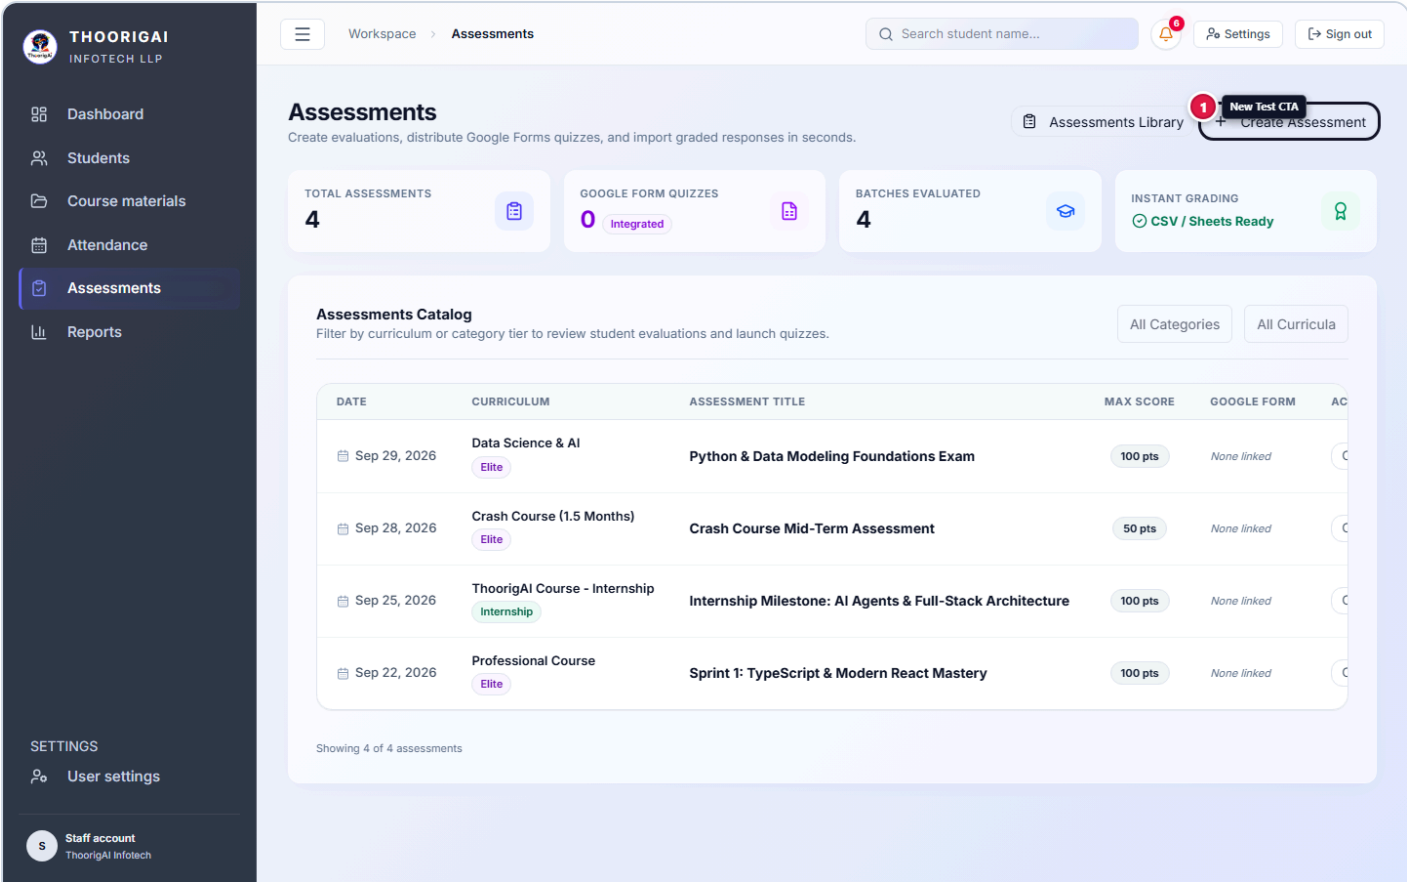

Figure 5.1: Assessments Studio showing new test creation, Google Form syncing, and grading buttons.

Step	Action	Step Description	Output
1	New Classroom Test	Click "Create Assessment". Enter title (e.g. React State Quiz), max marks, and passing threshold.	Adds assessment entry to course syllabus.
2	Import Google Form Responses	Click "Import" to link a Google Form or Google Sheet URL.	Imports student score columns directly into the grading ledger.
3	Enter Grading Studio	Click "Grade" next to the test to evaluate individual student answers.	Enter score out of max marks, type instructor feedback remarks, and save grades.

06 Course Materials & Learning Asset Uploads

Route: /materials

Distribute lesson presentations, lab exercises, sample project repositories, and reference cheat-sheets to your students.

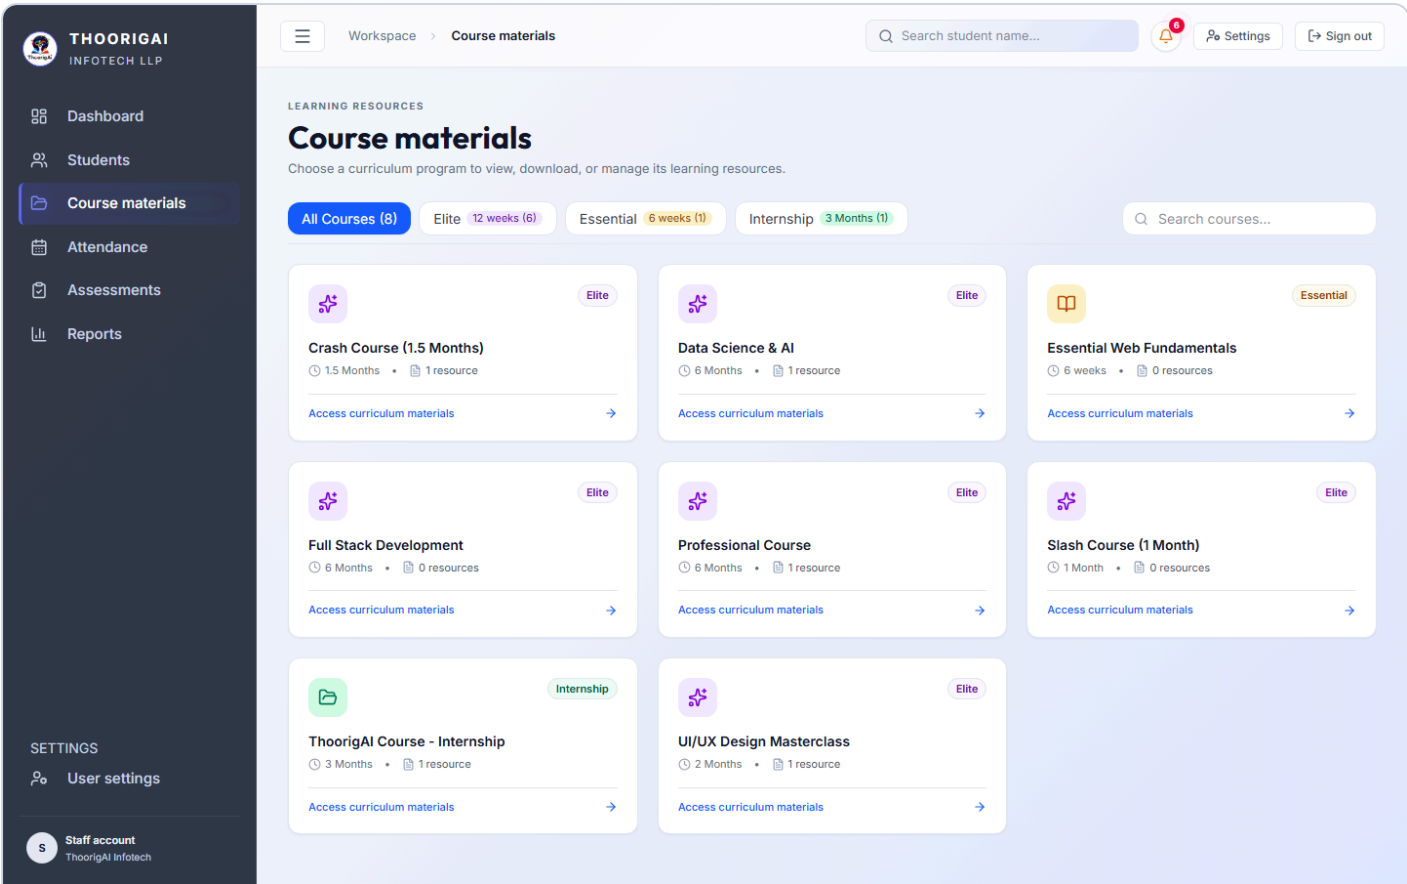

Figure 6.1: Course materials repository with upload dropzone and module selector.

Step	Action	Instructions	Storage Details
1	Select Target Course Module	Choose which course topic or week the file belongs to.	Filters existing assets and associates new uploads with the selected module.
2	Upload Lesson Assets	Drag & drop PDF slides, ZIP archives, or code files up to 50MB.	Uploads to encrypted storage bucket and notifies enrolled students.
3	Downloadable Class Files	View uploaded files with upload date and file size.	Click download icon to review files on classroom display systems.

07 Academic Reports & Personal Settings

Routes: /reports & /settings/user

Review batch-wise test score distributions and manage your instructor profile and account password.

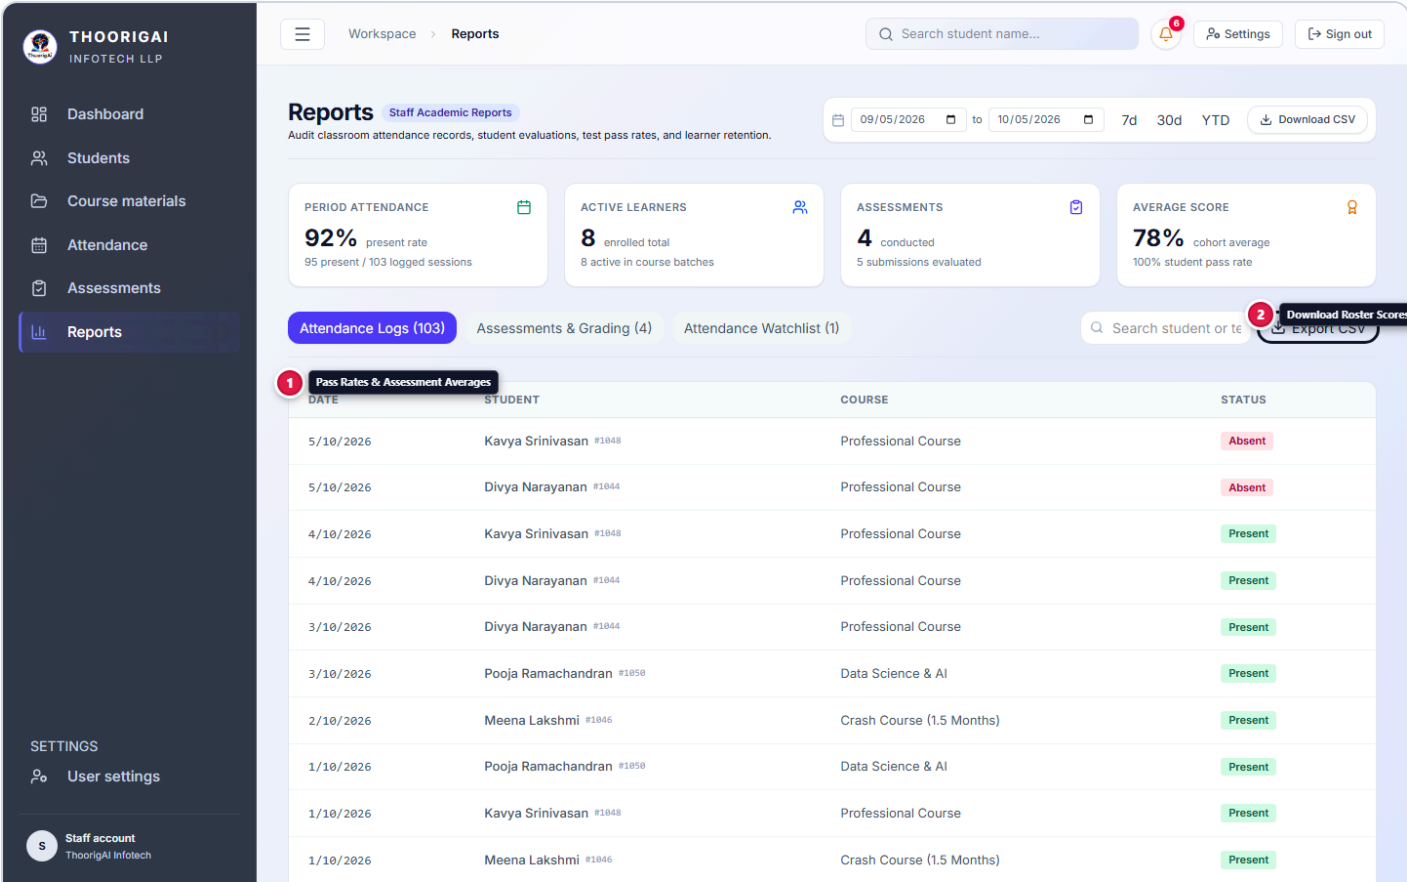

Figure 7.1: Academic performance metrics showing cohort pass percentages and assessment averages.

Step	Action	Description	Benefit
1	Class Pass Rate & Performance	View overall pass percentage, average test scores, and completion trends.	Identify struggling learners early to provide remedial academic support.
2	Download Roster Scores	Click "Export CSV" to download class marks in spreadsheet format.	Enables offline record keeping and semester grading archives.

Instructor Profile & Credentials

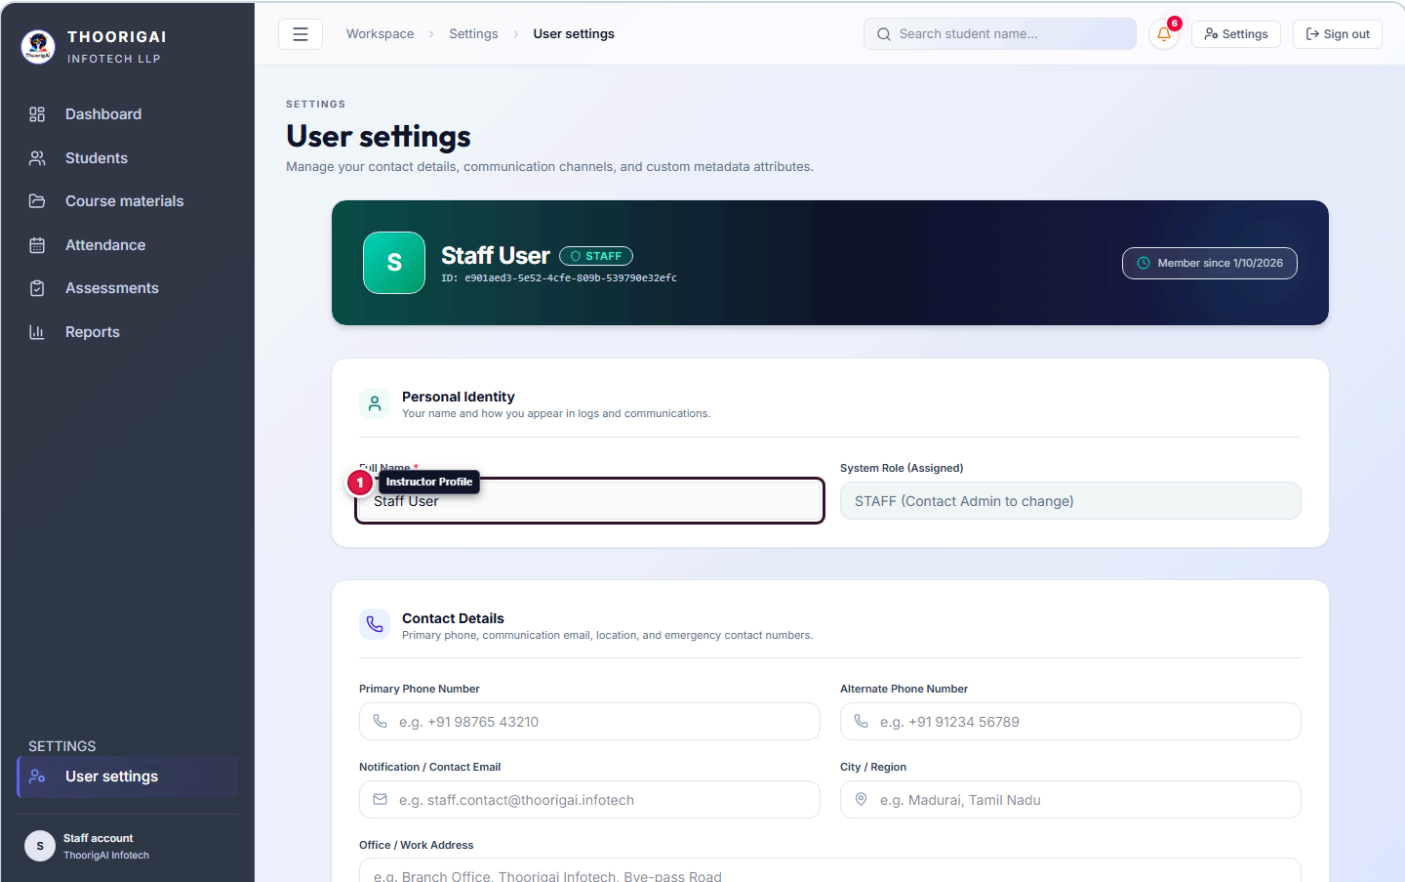

Figure 7.2: Personal account settings for updating instructor display name and password.
